Notes:

Values have been assessed in accordance with advice in the Practitioners' Guide

Items are valued at their original purchase cost where known.

Community assets that have no market value because they cannot be sold are given a nominal value of £1.

In the case of public seats, a standard value of £100 per item was used as an approximate estimate of current value. Recent purchases added at purchase value.

Once placed on the Register, values are to be unchanged until the item is disposed of.
